So proud of myself : I've nearly made it through January without getting back on a plane to all inclusive buffet and beach!

2 men at Caerphilly shop. 1 of which is a known charged sex offender and has been reported to the police for hanging about outside and the police are enforcing ban. This one then proceeded to contact myself on line which the police are now charging with harrasing. And another gentle man who proceeded to tell a story about another man who was rubbing himself in public and inacted it over the top of his clothes . All caught on cctv with audio and forwarded to the police.

Pontypool shop has to move a customer out at 3:50pm AGAIN , a young fella who pulled out loads of boxes as soon as he barged passed and staff told them they were closing and Dan had to boot him out, literally. Footage has also been sent to the police .

Unfortunately we have had a few weirdo men turn up at the shops again. Can I remind you we have cctv with audio outside and inside and I WILL post it social media .

Well this wasn't on my Bingo Card for taking down two faced charities in 2026 - as it wasn't on my radar at all - however it all comes out in the wash is the old saying. May explain all the crazies that have been coming out of the woodwork this month! Unbelievable that Caerphilly Bird Rescue was attached to all this on going fraud and the other groups- I am quite shookth as it was not on my radar. But I should have guessed because Nicola Williams was mates with Carole and her daughter. All you people out there trusting Gollum aka Nicola - be carful - speak to other charities and trustees that walked away from Cwtch Up Charity - I'm not the only person who refused to work with her.

All info passed onto the police.

Caerphilly Bird Rescue under new management and what a difference in the way animals are being treated.

you have taken one of
ayonas accounts on there is
newport blog. X

Carol knew she was being
shut down from the april yet
both her and tayona set up a
fundraiser under the
pretense of saving the birds.
That moneybwas used for
ayona to take kids to
apland in 2023, to fight
owen in court, to help tayona
pay the nortgage on the
house amd to pay for the
childrens christmas
presents. X

Embarrassing.

Caerphilly and Pontypool open
today. I have a POVA meeting at the
council against a charity that is not
safeguarding and then I'm working
from home 🙌

We know you are keen 🍷🍷

Staff work 10- 4pm don't come shopping at 5 minutes until 4pm ans expect to walk around the shop browsing please. We are very busy we have charity shop pick ups at 4:30pm daily in multiple areas. Please don't try and get in the way when staff are bringing stock in and out of the shops at this time. If I'm late night 🌙 working I will announce on fb.

We do not have time to "fish" 🐟 out customers who dart into the shops at 3:55 in-between trollies and furniture that have been stored away from outside. The staff refused the sale tonight as the card machine had been shut down and I 100% uphold their decision.

Please do not bring your dogs shopping. We are a no dog shop as we are a foodbank.

Please do not ask staff for lifts they are not insured for passengers and they are busy packing up and doing the charity shop runs where other charities and businesses ect are waiting for us to collect their overflow or items they can't sell.

Our senior staff members work uo to 20 hours a day for us. Please do not hold them up when closing the shops as they may be off doing other activities for the baby bank

Volunteers you also need to make your own travel arrangements to and from work

volunteers you also need to make your own travel arrangements to and from work.

Staff have had to ask customer to leave at 3:55pm today who came in shopping at 3:55pm our times are 10-4 pm the staff need 15 mins in am/pm to unpack/pack up.

Doing quite well taking down the haters so far in 2026. Quite a few of them have been given CROs and some have been called in for voluntary interviews with police

Looking for a business or personal address of this individual please guys as this individual has had 48 hours to apologise but accused us of damaging a car the weekend while I was on a live on Porth doing a house clearance of a grandmother who passed away. The police are dealing with the other family but as I said we are not tolerating anymore lies abuse from people and I have legal documents ready to be sent out so we need an address. I happy to do a reward for the info

Second one accuses us of robbing tools out of a van . So like I said we are not putting up with it anymore

So one of the councils recieved "another" complaint about us this week - from one Sherlock email addresses and the phleb accidentally attached the wrong photos and had their location on . Does any one recognise this area /address from Rhymney if so can you message me privately please. The address from the door way taking the photo not the cars or houses opposite. Thanks
